

## LOSS OF \$13,000,000 IN THIRTEEN DAYS

### IMMENSE SHRINKAGE IN THE GOVERNMENT REVENUE.

Eleventh Census Work Completed at Last—It Will Not be Published For Some Years However—Market For American Flax—Immigrants Must Pay—Presidential Nominations

WASHINGTON, Sept. 15.—The government revenue has fallen off nearly thirteen million dollars in the first thirteen days of this month, as compared with August. Government financiers are much alarmed. The work of the eleventh census is about completed, the work on population and vital statistics being all that remains to be done. The portion of the work on population remaining uncompleted is that on occupations. The vital statistics are made up largely from the figures on population and have been held back on account of the work in the population division. Chief Clerk Dunn thinks that in less than five months the work of the census will be completely closed and the present force of 400 employees reduced to forty or fifty at the outside. These will be experts who will have charge of the proofs from the printing office. An additional supplement to the compendium of the census is yet to be issued.

While the census work proper will be finished in a few months it may be several years before the work of printing is all done and the completed work published.

The completion of the work at so early a period is unusual, and to Superintendent Wright's skill and experience in handling statistics this is largely attributed.

### MARKET FOR AMERICAN FLAX.

Needs Only Careful Handling to Bring a Good Price in Ireland.

WASHINGTON, Sept. 15.—Some interesting comments on the Irish flax crop, with suggestions regarding the importation of the American product into that country, have been furnished by the state department by Consul James B. Taney at Belfast. The Irish flax crop of 1893, he writes, has proved the most favorable for the growers for many years, the proprietors of the Scotch mills declaring that it was almost unprecedented. Regarding American flax, he writes:

"Some samples of American flax have been sent to this country, but generally they have been so roughly or carelessly handled that they could only be classed as low."

He sees no reason why the cultivation of flax for the fiber should not be extended in the United States, as there is no secret about the sowing, sutching or retting. It only requires careful handling and can always find a ready market, so long as Great Britain continues to admit the foreign article free of duty at a price that would pay the grower far better than any other crop he could raise.

### EXPERIENCED DIPLOMAT.

Report That Minister Denby Is to Be Superseded Is Discredited.

WASHINGTON, Sept. 15.—A report that H. R. Whitehouse, secretary of the United States embassy in Italy, will be appointed minister to China to succeed Minister Denby is discredited in diplomatic circles here. It is understood that Mr. Denby is on his way back to China from San Francisco, but the principal ground on which doubts are based is the improbability that a man unacquainted personally with the situation in China and the country will be sent there to succeed an experienced diplomat at a time when the greatest ability is needed at the post.

### Immigrants Must Pay \$1.

WASHINGTON, Sept. 15.—Secretary Carlisle has issued a circular calling the attention of collectors of customs to the fact that on and after Oct. 1 the head money collected from immigrants should be \$1 instead of 50 cents. After July 1, 1895, all money connected with immigration will be turned into the treasury. In the meantime the secretary of the treasury is directed by the sundry civil act to report a plan for the reorganization of the immigration bureau, which will thereafter be provided for in a regular appropriation bill.

### Breaks All Records.

NEW YORK, Sept. 15.—Another ocean record has gone to smash and a Yankee boat did the trick. She is none other than that speediest of the American line boats, the New York, and although not yet in port she has been sighted off Fire Island, seventy-five miles from New York, something like one hour and seventeen minutes ahead of all records on the run from Southampton to New York.

## BROTHERHOOD OF FIREMEN.

Committee Report on the Welfare of the Order Yesterday.

HARRISBURG, Pa., Sept. 15.—The Ladies' society, auxiliary of the Brotherhood of Locomotive Firemen, closed its second biennial convention yesterday. Mrs. Leach of Sedalia, Mo., was elected grand president. The session of the firemen was devoted to hearing the report of the committees on the welfare of the order. In this report was a resolution looking to the support of the Lehigh Valley firemen, who have been out of work since the failure of the strike. It recommends the levying of an assessment of 50 cents on each member of the order, which would realize \$15,000. This matter was discussed for several hours and then postponed until Monday. Eugene V. Debs, having heard from Chicago, will not return to that city until the close of the convention here. He addressed a public meeting last night on the causes that led to the strike in June and July.

### ASK HELP FOR MINERS.

John McBride Says Several Thousand Miners Are Starving.

COLUMBUS, Ohio, Sept. 15.—According to a circular letter sent out by President John McBride of the United Mine Workers there are 4,500 striking coal miners in the country who are starving, and he recommends that employed miners contribute 5 cents per ton to their support. Of these, he says, 2,000 are in the Massillon, Ohio, district; 900 in the Denton, Ky., district; 1,000 in the Pittsburgh, Pa., district, and 600 at Whitwell, Tenn. The Massillon miners have been idle since last February resisting a proposed reduction of 15 cents per ton. The Pittsburgh miners went to work to-day, however, and need no help.

### Gold Reserve Increasing.

WASHINGTON, Sept. 15.—The net cash in the treasury at the close of business yesterday was \$127,163,441 of which \$56,948,524 represented the gold reserve. The reserve has been steadily climbing upward for the last month. On Aug. 8 it reached its lowest point in the record of the department, \$52,189,500. Since that date it has increased almost \$5,000,000 and the increase has largely allayed the fears of the treasury officials.

### Races Drive a Minister Insane.

DURQUE, Iowa, Sept. 15.—Rev. F. A. Miller, pastor of the Farley Methodist church, attended the races at Cascade yesterday in company with R. W. Baker. ### Jealousy Causes Wife Murder.

WASHINGTON, Sept. 15.—Thomas Taylor, 33 years of age, killed his wife, who was 25 years old, yesterday by shooting her with a pistol which he then turned on himself. Taylor's wound is not dangerous, however, the wounded wife having torn his arm to one side just as he was about to put a bullet through his heart. Jealousy was the cause of the deed.

### Situation at Fall River.

FALL RIVER, Mass., Sept. 15.—The Durfee mills, which have been running since the shut-down, will probably be added to the list of idle factories Monday. A meeting of the Kerr thread mill card-room hands will be held Sunday evening to decide whether to continue work.

## IT BEATS LAST YEAR DECLARES R.G. DUNN

### BUSINESS FOR THE WEEK MET NO DRAWBACKS.

Affairs Better Than They Were Early in August—Crop Report Explains Losses in Some Directions—List of Failures—Prospect in the Circles of Trade.

NEW YORK, Sept. 15.—R. G. Dunn's Weekly Review of Trade says: "Business has met with no setback this week, and continues larger than earlier in August and larger than a year ago, directly after the panic. Loss in some directions is explained by crop reports, for the most favorable estimates of exports put the loss of corn at about 400,000,000 bushels, whereas the government report is by some interpreted as meaning a loss of 1,000,000,000 bushels. The opinion of the trade does not favor the official estimate, and the price has not risen at all during the week; though receipts have been very small, exports have practically ceased, and all realize that the shrinkage of 400,000,000 bushels is serious, if it proves to be no greater, since it must affect prices of meats for a year or more. Pork is unchanged, but lard has risen 30 cents per 100 pounds. Nor are official reports encouraging as to wheat. Western receipts in two weeks have been 11,184,687 bushels, against 10,374,761 last year, and Atlantic exports only 2,074,790, against 5,106,562 last year, and the price is one-half cent lower. Considerable injury is officially reported to cotton, but few expect less than 8,500,000 bales, which is more than enough, and the price is a sixteenth lower. The great increase in iron production, which was noted as following the removal of coke difficulties, is measured by the capacity of furnaces in blast Sept. 1—namely: 151,113 tons, against 115,356 Aug. 1, and the unsold stocks also decreased 35,384 tons during the month. The output thus rises to 30 per cent of a full production, but the consumption may be less, as the main increase in output was near the end of August and the prices have since weakened a little—Bessemer iron to \$11.40 at Pittsburgh, while gray forge sells at \$9.55. Barbed wire is a shade weaker, but other prices unchanged.

"Leaf is depressed by foreign offers at 3.2 cents. Shipments of shoes from Boston in two weeks have been 163,915 cases, against 108,450 last year, and in low priced goods the market has not been as bare for years, while purchases from stocks or for quick delivery reflect depletion of stocks and consuming demands. Less activity is seen in dry goods, the rush of postponed business having abated, and there is more disposition to defer purchases because of some general advances in cotton goods and because London wool sales are expected to make the outlook clearer. Sales of wool have been 8,255,200 pounds in two weeks, against 5,647,000 last year, and 16,428,500 in 1892. The markets are easier and less active, all awaiting the London sale.

"Failures in the first week of September as yet reported show liabilities of only \$1,430,070, of which \$415,120 was of manufacturing and \$937,450 of trading concerns. The aggregate of liabilities reported for August is \$10,697,513. This week the failures have been 207 in the United States, against 314 last year, and 44 in Canada, against 27 last year."

### Tortured by a Burglar.

NEW YORK, Sept. 15.—A masked burglar tortured Mrs. Caroline Whitman, an aged white woman, living near Dorchester, N. J., to make her reveal the supposed hiding place of her money. The burglar first struck her over the head with a pistol and then twisted strips of paper and lighting them held them under her feet until she writhed in agony. The old lady was found by her son, alive, but in such a condition of agony and terror that her life is despaired of.

### Big Strike Is Ended.

PITTSBURGH, Pa., Sept. 15.—The strike at the New York and Cleveland Gas company's mines is over. The men have been out five months. The company employs about 5,000 men. A vigorous effort was made to win this strike, as it was claimed if it was lost the other operators would cut wages to meet the New York and Cleveland company's prices.

### Will Extend the Line to Mojave.

LOS ANGELES, Cal., Sept. 15.—From information received here it is learned that O. O. ## CHINA NOT TAKING FOREIGN RECRUITS

### THE ENLISTMENT OF ENGLISH SOLDIERS STOPPED.

Japanese Forces En Route to Seoul Attacked—Only 800 Said to Have Survived—Terrible Fire Devastates the City of Chung King—Thirty Lives are Lost.

TOKIO, Sept. 5.—Enlistment of Europeans in the Chinese army has been stopped. The entire southern squadron of the Chinese army has been ordered to the north.

SHANGHAI, Sept. 15.—If the reports received here from Korea are to be believed there would seem to be no doubt that the Japanese forces operating against the Chinese are likely to be hemmed in. Dispatches received here from Fusan bring additional confirmation of the reports that the whole of southern Korea has risen against the Japanese. It also seems to be confirmed that the Japanese force of 2,500 men, who attempted to march from Fusan to Seoul, have met with disaster serious enough to compel them to return to the former place with 1,200 of their number missing. From this it is judged that serious fighting must have taken place, as it is not believed that the 1,200 missing soldiers will reach Fusan.

A force of 200 fresh troops has arrived at Fusan in order to protect the Japanese settlement at that place against an anticipated attack upon the part of the armed bands of Toughs gathering in the neighborhood.

A disastrous fire, attended with considerable loss of life, is reported to have occurred at Chung-King, on the evening of Aug. 25. The conflagration is said to have raged all night and before midnight the whole of the southeastern portion of the city was in flames. About thirty persons were known to have perished during the fire, and it is probable that this number is far less than that which will eventually be shown to represent the actual loss of life.

It is roughly estimated that the loss by fire will amount to fully \$15,000,000. About 2,000 buildings were destroyed, including part of the city hall, and three Chinese temples. No foreign houses were burned.

### THE DEBS CONTEMPT CASE

All the Evidence Is In and Arguments Will Be Heard Sept. 25.

CHICAGO, Sept. 15.—The contempt case against President Debs and others of the American Railway union suddenly and unexpectedly came to an end yesterday afternoon in Judge Wood's court. The prosecution rested its case and much to the surprise of everybody Attorney Gregory, for the defense, arose and said that although the defense had some witnesses who could modify points in the testimony that had been presented he did not believe their evidence would be of great importance and therefore the defense would refrain from putting any witnesses on the stand in rebuttal. Sept. 25 was set by the court for hearing oral arguments in the case and twenty days later for the filing of briefs. That will complete the case before Judge Woods, who will give his decision as soon thereafter as possible.

### Encampment Is Ended.

PITTSBURGH, Pa., Sept. 15.—The twenty-eighth national encampment of the G. A. R. and all the attendant ceremonies and festivities are over. ## ROBERT J. THE GREAT.

The Pacing Champion Lowers His Record to 2:01 1-2.

TERRE HAUTE, Ind., Sept. 15.—Yesterday was a record-breaking day at the four-cornered track. Three records fell before the speed of the flying contestants and another was equaled. The following broke the records:

Robert J. reduced the world's pacing record from 2:02 3/4 to 2:01 1/2. John R. Gentry reduced the stallion pacing record of 2:05 3/4, previously held by Direct, to 2:03 3/4. Carbonate, the 2-year-old colt, by Superior, reduced his own record from 2:10 to 2:09.

For a few hours this record was also shared by the 2-year-old Direct colt. Directly, who also paced a mile against time in 2:10.

The trotting queen Alix also went against the record of 2:04, held by herself and Nancy Hanks, but the game little mare was a trifle sore from her record-equaling mile of Wednesday, and 2:04 1/2 was the best she could do.

Jack Curry also sent the great pacing stallion Joe Patchen against the pacing record of 2:05 3/4 and reduced it to 2:04, which would have been the record had not John R. Gentry reduced it an hour before to 2:03 3/4.

### Traveling Engineers at Denver.

DENVER, Colo., Sept. 15.—A lengthy paper on color blindness, which was discussed in an instructive manner, consumed the time of the traveling engineers at the morning session yesterday. The question of making Chicago permanent headquarters for the organization is being seriously contemplated. The ladies' auxiliary tendered a reception to the visiting ladies in the evening.

### Forest Fires Result of Spite.

MINNEAPOLIS, Minn., Sept. 15.—Kirby Barnum, who owns a farm near the western border of the great Red Lake Indian reservation, says the forest fires originated in a blaze set by a man who had tried to get control of some hay land from the government. People are happy and greet each other with a broad smile. Every one will rest easy now, for it has been a continual warfare for the last month. Another good rain will entirely put out all the fires.

### Rain Extinguishes Fires in Wisconsin.

MADISON, Wis., Sept. 15.—Generous rains have fallen all over the state, the southern part receiving from two to six inches. The only effect it will have on that crop is to delay its ripening.

### Rain Will Help Pasture Lands.

SPRINGFIELD, Ill., Sept. 15.—The late rains in Illinois, especially in the southern and central portions of the state, have been of no material benefit to anything but pasture lands. ## DOLLY H. IS GAME TO THE BACKBONE

E. F. CARPENTER'S MARE SHOWS HER METTLE.

Trotted Six Heats at Oshkosh, Winning Two and Finishing Second Four Times. She Gets Second Money—Janesville Flyers Entered at Milwaukee—Gossip of the Course.

E. F. Carpenter's game mare Dolly H., showed her mettle at Oshkosh yesterday, and won the right to be called a race horse. Six heats were trotted in her class and she won two and was second four times. The race started with seven entries but they were drawn and distanced until only Belenda, the winner, and Dolly remained. J. O. Garrity was behind Mr. Carpenter's mare. The time of the two heats that Dolly won was 2:24 and 2:24, while Belenda's best time was 2:21. Maud M., the mare that E. D. Miller used to own won the first heat and was distanced in the fourth after getting back positions in the second and third. The purse was \$800 and Dolly gets second money, \$200.

Janesville Horses at Milwaukee. Janesville stables will be well represented in the races at the state fair in Milwaukee next week. H. D. McKinney has the most entries, they being Coupon and Ogden Phallmont in the two-year-old class; G. W. Howe and Pearl Wilkes in the three-year-old class; Alice Director and Robert Koch in the 2:14 pacing class; King William L., in the 2:40 trotting class; Robert Koch in the 2:22 class; Esperanza in the 2:24 class; Puss Wilkes in the three-year-old pacing class and Robert Koch in the 2:29 class.

John C. Chadwick's entries are Boovie K. in the 2:19 pacing class; Kate Phallmont in the 2:21 class; and Maggie N. in the 2:24 class. E. F. Carpenter enters Dolly H. in the 2:21 and 2:24 classes. James Scott will drive Nelly Hly, Henry Brace's 2:40 pacer, in that class; George M. McKey's Luna in the 2:27 class; and Soverhill & Porter's Bimbert Wilkes in the three-year-old pacing class. F. L. Smith enters Massoit in the 2:24 class, and H. S. Ames names Vic A. in the 2:40 pace. E. W. Sherman has Virginus in the 2:19 trotting class.

Possell, the horse that won the 2:34 class purse here in 2:18 was beaten three heats the best of which was 2:23, at Davenport, Iowa, which goes to show that "the race is not always to the swift."

George West won two races at the Ravenwood, Ill., track, one with Belle Noble, who couldn't win here, and the other with Valley Queen, who was also a tail ender at the Janesville track.

F. H. Colby won the 2:16 trotting class purse and incidentally upset the bettors who made Maud Wright favorite at Minneapolis. Jerry is an old campaigner who is driven without check rein or a boot of any kind which shows that he is a pure gaited trotter if there ever was one.

H. D. McKinney's G. W. Howe won second money in the three-year-old class at Oshkosh.

Free For All Pacers At It. Nearly all the horses who were in the Janesville free for all pace last July were in races yesterday. Fullegar had Two Strike, who won a heat here in 2:14, in the 2:13 class at Terre Haute but he did not get a place although he kept inside the flag in 2:09. Free Coinage, who did not get anything here carried off third money at Grinnel, Iowa, by getting two heats in the remarkably slow time for free-for-all pacers of 2:18 and 2:20 due to the heavy track. Charley Ford, who was distanced here in 2:12 was in the Kewanee, Ill., free-for-all and got fourth money, the best time being 2:18. Kissell's Dallas, who won fourth money in the Bloomington, Ill. free-for-all, and was distanced in the first heat in 2:15, although he paced a winning race at Terre Haute the other day in 2:11 flat.

### I AM SORRY.

I am sorry for the rich man Who lives for earthly gain; I am sorry for the poor man Who suffers with earthly pain. But sorrier still for the aching hearts That are forced to beat on to the end Without love, comfort, or any joy; To submission, their whole lives they lend.

I am sorry for the woman, true, Who works from morn 'till night Without one ray of sunshine To make her pathway bright. But sorrier still for the agonized soul That falls from virtue's white throne. Unto God she turns; He will forgive; But in this world she stands "alone."

I am sorry for the poor old man; Bent and tottering, along he goes; And yet he is near the heavenly home; Almost through with life and its woes. But sorrier still for the poor old mother Without one dear one left on earth; Just waiting for the hour to come To go to those she has given birth.

I am sorry for the sick and the lame; For the laboring man and his wife. Who never know of comfort or rest As they struggle through life. But sorrier still for the selfish man Who will not give money or aid To lighten the sorrows of heavy hearts. Unless he is "bountifully" paid.

I am sorry for the man without feeling Only where (he) is concerned. His motto through life is "each one for himself."

But sorrier still, for some who live To accept "sacrifice" day after day From those who can scarcely hold up their head's Or make lighter their own pathway.

I am sorry for the "maiden" sweet Who loves and loves in vain Without one response to warm her heart That is filled with longing and pain. But sorrier still for the good young man Who is willing almost to die For a girl who is not even worthy a thought. But she win him with just one sigh.

I am sorry for the innocent babe Who are born in this world of ours. In "sin" "cast out" from very birth They blossom out like little wild flowers. But sorrier still for those who "sinned" Yet God loves us every one And "He" is just we are taught to believe Will be fair to the "daughter" as to the "son."

### FALL STYLE FAKERS SELL CLOTH.

New Game Being Worked on County Farmers By Sharpers.

The new fall style of swindle has appeared and Sheriff Bear has been notified of the change in fashion. The sharpers have been working the farmers in the eastern part of the county and their scheme is to sell cloth worth fifteen or twenty dollars for from six to eight dollars and take a note due in sixty or ninety days thereby "accommodating" the farmer. The note does not become due until that length of time after the goods arrive by express. Several farmers have received notice from banks stating that they hold the farmer's note. Soap vendors are also loose. They sell soap, agreeing to throw in lamps, chairs, and a lady's gold watch as a bait. They collect the pay and agree to deliver the goods at some future date, but the date never comes. Home merchants who pay taxes and spend their money at home are the safest men to trade with. "Bargains" offered by strangers are seldom bargains, but generally swindles.

Why Women Don't Walk Well.

"Not one woman in a thousand walks well." Ever since Darwin's chimpanzee first rose from his knuckles and stood erect, he and his male descendants have been telling this lie with all its variations. We propose to do our share to nail it. Any woman who treads on the bosom of mother earth, clad in a pair of our common sense, hand sewed, three fifth shoes, can't help but walk gracefully.

## RAINS SENT LEAF UP WITH A RUSH

'94 CROP A GOOD ONE DESPITE THE DRAWBACKS.

The Late Fields Now Being Harvested Are Not Far Behind the Earlier Crops—Growth That Followed the Downpour Surprising in Its Quickness.

The wonderful growth and development of the growing tobacco since the late rains is the cause of surprise and comment on every hand. The late fields now being harvested have a growth not much behind that of the average season. Despite all the unfavorable conditions of the year there is a good deal of splendid tobacco in the '94 crop, judging from its standing in the fields. It has been proven time and again that there is no other crop known to the farmers of the west that will stand prolonged drouths equal to tobacco. And there is none that responds quicker when the rains do come or sooner recovers from the pinching effects of dry weather. What bids fair to be a failure is soon turned toward a promise of a good crop. In these particulars, says Editor Coon, in the Edgerton Tobacco Reporter, tobacco is a most wonderful plant, and has no equal among the cultivated crops.

'92 Crop Exceptionally Good.

At various times during the past two years, the assertion that sooner or later the extraordinary merits of the '92 Wisconsin tobacco would become known and recognized by the trade has been made. It has been a long time coming, but needs only to introduce the statement of the eastern tobacco journals to verify the prophecy. The '92 Wisconsin stands at the head of desirable binder stock in the opinion of the manufacturing trade. It is one of the best quality crops ever produced in the state. While neither the grower nor the local packers have thus far been able to make any money out of their tobacco, the remaining portions in their hands promises to yield a profit to holders. Long after this crop has passed out of existence the manufacturing trade will be crying for more of it of similar quality.

### WEDDING WAS A DAINTY ONE

Adamson-Walbridge Nuptials in Madison—Church Filled With Flowers.

Madison papers devote half a column to the Adamson-Walbridge wedding, at which Dr. Walter B. Metcalf of this city, was best man. Rev. Eugene G. Uppike officiated. The interior of the church was beautifully decorated with ferns, cut flowers and potted plants. At the appointed hour the bridal party entered to the strain of Lohengrin's wedding march. First came two little flower girls in white. They were Carrie Lewis and Florence Snell. Following came the two groomsmen; Messrs William Gregory, of Stevens Point, and L. A. Goddard of Madison. The bridesmaids, Miss Fannie Walbridge, a sister of the bride, and Miss Ellen Maine, followed. Then came the maid of honor, Miss Alice Stephenson, who preceded the bride. The party was met at the altar by the groom with Dr. Metcalf.

The bride wore a pretty costume of silk bengaline, cut en train. She carried a bouquet of bridal roses and wore marshal neils in her hair.

### BRIEF BITS OF STATE NEWS.

THE villainous Russian thistle has been found growing in Whitewater.

Those who cater to pleasure seekers at Lake Geneva are now putting in the spare time in constructing ice boats for pleasure parties next winter.

WALWORTH county cheese factories are now producing "filled" cheese. The strong competition and desire for big profits are so great now that it is getting to be difficult to obtain any of the genuine article.

THAT minister near Whitewater, who offended the democratic members of his congregation so that they left, by choosing for his text the words "He was led as a lamb to the slaughter," etc., is now explaining that it had no reference to the renomination of Governor Peck.

## THE LINK THAT BREAKS.

Think a Moment and See What This Means For You.

The strength of a chain is only up to its weakest link. So the strength of a person, whether physical or nerve strength, is only up to his weakest part or organ. If your nerves are weak or your blood poor, if you suffer from insomnia or suffer from indigestion, dyspepsia, constipation, kidney or liver complaint, headache, neuralgia or rheumatism, there is a weak spot in your system which if not cured will surely cause you to break down.

You will never be well and strong until this weak place or organ is strengthened. It is fearfully dangerous to neglect any such weakness or ailment. Nobody realizes this better than Mrs. G. S. Cobb, a well-known lady residing at 334 South St., Providence, R. I.

"For five years I had been troubled with indigestion, kidney and liver complaint, severe nervous headaches and neuralgia. There was a terrible pain and pressure in my stomach from which there was no relief until vomiting set in, when I vomited a slimy mucus.

"After these spells I would be completely prostrated for three or four days. Sometimes for three weeks at a time I could take no nourishment but lime water and milk. During this time I lost forty pounds.

"I would have the most frightful nervous headaches for two weeks at a time. A terrible piercing pain would shoot in rapid succession through my head. There was a dreadful aching and throbbing through my back between my shoulders.

"In fact I was completely prostrated. I tried prominent physicians and many remedies without relief, and became entirely discouraged. About this time I heard, through a friend, of Dr. Greene's Nervura blood and nerve remedy and the wonderful cures it had performed.

"I commenced using it at once and the change which took place very soon was wonderful. The terrible racking pains through my head and shoulders left me. Where I could eat nothing but the lightest kind of food I can now eat anything without the slightest distress.

"The kidney and liver troubles have left me. In fact I am completely cured and restored to sound and vigorous health. My friends are surprised at my wonderful cure. I thank God and Dr. Greene's Nervura blood and nerve remedy for my new life, and would say to all sufferers, gather confidence and try this great remedy and you will surely be cured."

Oh, that every person complaining of any ailment would be guided by this sensible and valuable advice and take that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy! If they only knew what a healthy and happy life awaited them after using it, they would not hesitate a moment.

It will make a strong and well person of you just as surely as you take it. It will cure every one of those troubles and weaknesses which have bothered you so much. Just try it and see. All doctors recommend it, for it is a physician's prescription. Dr. Greene discovered it, the most successful specialist in curing nervous and chronic diseases. He can be consulted at his office, 35 West 14th street, New York, free, personally or by letter.

### MUCH CAUSE FOR THANKSGIVING

Late Rains Have Done the Farmers No End of Good.

A great deal of winter grain was in before the late rains and will receive a splendid start. Farmers say the prospects for fall pasture were never better than now. When we remember the big crop of small grain already harvested, the large quantity of hay put up and the promising corn crop throughout, with only here and there an exception, and the prices these grains are commanding, the farmers of Rock county have every reason to congratulate themselves that nature has been lavish in her gifts. Especially is there cause for thanksgiving in this vicinity when the almost total failure of crops in the western states is remembered, and that even in our own favored state Rock county has had more than her proportion of good things.

FOR LICENSE FEE

VOTE FOR SALOON RESTRICTION COMES TUESDAY.

Hot Fight Will Be Made, As the Friends of Low as Well as of High License Have Made a Vigorous Canvass—Regular Election Officers Serve.

Whether Janesville will charge \$300 or \$500 for saloon licences during the next three years, will be decided next Tuesday. A hot fight is probable. It was said at first that half a dozen of the more prominent saloonists would favor the \$500 fee but their position is changing. Many friends of low license have been doing active work in the last week and a full vote is probable.

It is fortunate that the election comes at such a time as to remove it wholly from political bias. Whatever the result of the vote on Tuesday it will settle matters positively for the next three years, and the council simply will be left to issue licenses to such as apply.

The election Tuesday will be in charge of the officers appointed by Mayor Thoroughgood for the November elections. The rules will be the same as for a regular election.

### GEORGE B. SHOLES DIES OUT WEST

Visit to Colorado for His Health Proved Unavailing.

George B. Sholes, who is well known to Janesville people, died at Buffalo Creek, Colorado, day before yesterday. Janesville friends being advised by telegraph. Mr. Sholes was a son of C. Latham Sholes, the inventor of the typewriter, who died leaving the plans for a new and entirely original principle machine incomplete. George and his brothers Lou, who by the way used to work for The Gazette some years ago, perfected the machine, and the deceased was president of the C. Latham Sholes Typewriter company as the firm that was organized to manufacture it was styled. He had been in poor health for some time and had gone to Colorado for his health.

### LAKE IN THE DEPOT GROUNDS

Busses Put on Pontoons When Approaching the C. & N. W. Platform.

The heavy rainfall of last night created quite a lake on the Academy and Wall street front of the Northwestern passenger depot, the water being of sufficient depth to obstruct the use of the ground. The drainage in that vicinity being inadequate to carry off the water, it is suggested that Fish Commissioner Dick Valentine be requested to stock the new lake with carp. Perhaps the aldermen of the First ward will attend to the matter.

## NEXT FAIR WILL BE AT THE JUNCTION

MILTON PEOPLE EXPECT TO  
GIVE A GOOD SHOW.

They Promise to Teach Janesville Something About That Sort of Performance—The Storm Damaged West Porter—Tin Presents For a Shopiere Couple—Country Notes.

MILTON JUNCTION, Sept. 14.—The Milton Junction fair will be held October 3. It is usually about as good as any county fair and it promises this year to surpass all past efforts.

Next Monday the children will again wend their way to school to learn how to become good American citizens with other knowledge thrown in. Fay Coon begins teaching in the town of Albion, next Monday. Mrs. Tickner and children have returned from their visit to Chicago. M. C. Greer, who is putting in a stock of dry goods and shoes in the I.O.O.F. store, is bringing his goods here by team. Bert Palmer who has been clerking in Dr. Oviatt's drug store, has gone to Janesville to go in company with his father in the dry goods business. Dr. Oviatt gets a man from Whitewater. Mrs. Angelica Williams and Mrs. Peckham are on the sick list. Little Mamie Coon, daughter of Mr. and Mrs. E. D. Coon, has been quite seriously sick this week but it is thought she is some better today. Miso Ina Ellsworth is teaching in the primary department of the Fulton school. The W. H. Morgan home is about finished now, and a very nice home it is, too. Mr. and Mrs. Morgan will move into the new house as soon as Borden has rented the one they now occupy.

Mr. Levy, the jeweler, has rented part of Mrs. McClofferty's house and is taking possession this week. Professor Allen West and family have gone back to Lake Mills, where the professor is principal of the High school. Henry Monroe of this place died last Thursday after a long illness. He was buried Saturday afternoon. Evangelist Welch of Janesville, spoke in the Seventh Day Baptist church last Monday evening to a good sized congregation. Miss Mary Frink is visiting friends in Chicago. Miss Nellie Doran has returned to her school duties at Clinton Junction. This makes her fourth year in that school. Miss Hattie Hull will return to her father's home next week and Miss Nettie Crandall will take her place at George W. Coon's. John Campbell has been under the weather a day or two this week.

Mrs. Erb, of Omaha, is in town, called here by the sickness of her mother. Mrs. Hill, Kittie Swaney is visiting friends at Hebron. Dr. and Mrs. W. H. Oviatt, visited friends in Albion Wednesday. Deacon Severance returned from Smyth, S. D., this week. He is talking of renting the Isaac Morgan house, as the one he now occupies has been sold by Mrs. Ward to her daughter, Mrs. Ellis, of Janesville, who will occupy it after it is remodeled. The I. O. G. T. elected the following named persons delegates to the district lodge at Beloit next Wednesday and Thursday: Ollie Hickly, Roy Brown, Arthur Boedecker, J. H. Babcock and Horace Rogers. Mr. and Mrs. D. B. Coon, of Utica, called on friends here the first part of the week. They were on their way to Janesville. Fred Garthwaite has rented Mrs. Clarissa Vincent's farm on the river road. There are rumors of a wedding among our young people in the near future. We might say two weddings. Prof. Chas. Crandall and wife of Watertown, were calling on relations here this week. The King's Daughters had a meeting at Nellie Coon's Thursday. They are sewing for some of the needy ones among us. Bert Campbell and wife of Edgerton, visited in this place last Sunday. Shepard Mills has rented his home on Golden Lane to Mr. Johnson, and is moving his family into their house on Vernal avenue.

Storm Damaged West Porter. WEST PORTER, Sept. 14.—The wind and rain last Saturday did considerable damage to late tobacco, although the crop is better than it was a year ago. The delegates from the western part of the district were a good deal surprised and somewhat disgusted at the convention at Hanover last Tuesday, to note that the Beloit men, after being warmly supported and carrying off the prize without opposition, possessed the nerve, and lacked the courtesy, to crow over an unearned victory, by decorating their wagons with banners for the return trip. Good judgment and common decency would have suggested a more modest departure. The Eagle creamery has closed for the season, for lack of milk enough to keep running, while Riley Searls is still making regular trips to the Vankirk & Booth creamery at Wineton's corners, with a ten car load. The Porter cornet band is making rapid progress under the leadership of H. E. Wright, of Evansville.

Fairfield Bazar Was a Success. FAIRFIELD, Sept. 14.—The bazar and peach tea was a grand success. Over one hundred supper tickets were sold, and the proceeds of the evening were about forty-five dollars. The society wish to thank all who so kindly donated articles for the bazar and assisted with the decorating and with the supper. Mrs. Lena Gregory and children of Maquokete, Iowa, are visiting at J. Dykeman's. The village school opened last week with Miss Capen of Darien, as teacher and Miss Grace Blanchard of Delavan, has resumed her work in the Dykeman district. Miss Nettie Coon of Milton, has been visiting her sister, Mrs. Earl Wetmore. Mrs. Kniffin of Lime Springs, Iowa, is the guest of her daughter, Mrs.

Charles Dykeman. Miss Spear and daughter Cora of Janesville, Mrs. H. A. Johnson of Darien, Mrs. Richard Cherebro of Jessup, Iowa, Miss Lettie and Curtis Baldwin, and Charles Acly and family of Clinton, were visitors in this vicinity last week and attended the "bazar" on Thursday evening.

Tin Presents for a Shopiere Couple. SHOPIERE, Sept. 14.—Mrs. Ed. Smith's mother and sisters came September 5 as a surprise, to remind them it was their eighth anniversary. They brought presents of tinware, as well as their dinner. After enjoying themselves awhile they returned home all the more glad because they came.

The Fondest Hour Memory Recalls

The question naturally suggests itself, which is "the fondest hour memory recalls?" Has the reader, whose attention we hope to engage, ever had a controversy with his stomach on the subject of dyspepsia. After convincing proofs that the digestive organ has got the upper hand, has a wise resort been made to Hostetter's Stomach Bitters? If so, the "fondest hour" has been recalled by memory in the shape of a lasting resumption of the power of digest, assimilate thoroughly and eat heartily without fear of being uncomfortable afterward. When the dinner bell, that "tocsin of the soul," strikes agreeably on the ear, the auditor then greets it as a welcome sound and hastens to obey its summons. The Bitters, so renowned as a stomachic, overcomes, too, malarial, bilious and kidney trouble, and remedy nervousness, rheumatism and sick headache.

## THIS DAY IN HISTORY

1506—Philip of Austria, father of Charles V, died.  
1613—Sir Thomas Overbury died in the Tower of London, which led to terrible revelations.  
1615—Lady Arabella Stuart died in the Tower, where she had been imprisoned six years because of the foolish jealousy of her WITHERSPOON cousin, James I.  
1776—New York city captured by the British.  
1786—James Fenimore Cooper born at Burlington, N. J.; died 1851.  
1794—John Witherspoon, eminent Presbyterian preacher and scholar and "signer" for New Jersey, died near Princeton, N. J.; born in Scotland 1722.  
1830—Opening of the Liverpool and Manchester railway, the first in England. Portfio Diaz, Mexican soldier, statesman and president, born in Oaxaca.  
1850—Disastrous inundation in Germany.  
1862—Surrender of Harper's Ferry and death of the commander, Colonel Dixon S. Miles; the most important Union surrender of the war.

Of course prices are lower upon some articles, on account of the democratic tariff, but the reduction is insignificant when compared with the reduction in the wages of American workingmen. The husband whose wages have been cut twenty-five per cent is in just the position to realize at its full value the benefit derived by getting the foreign woolen goods used by his family at a few cents a yard less than they were sold for under the McKinley law.

The time when single individuals could make or unmake the republican party has long since passed away, never to return. The backbone of the party is its great principles, which will live and flourish long after all of us are dead.

By the time all the reductions in wages have taken place the country will be fully satisfied that instead of being a tariff for revenue, the democratic wage-smasher is a tariff for Europeans.

Coxey's new circus has taken the road, and its proprietor seems to be running it more for the purpose of making money, than with any expectation of getting himself elected to congress.

Congressmen, Meyer, of Louisiana, says the democrats of his state were bunched by the democratic congress. Well, Mr. Meyer, isn't the rest of the country in the same predicament?

The professional business boomer is doing a lot of yelling, but the business of the country is still moving very slowly, in its efforts to get out of the valley of stagnation.

Secretary Carlisle has been to the trouble to say that neither himself nor Mr. Cleveland favors free sugar. And he might have added, nor does the sugar trust.

## Next Tuesday.

One of the latest hits in the theatrical lines is Fisher & Scott's consolidated shows. These managers play their respective comedies, "A Cold Day" and "Chip o' The Old Block," the same night and on the same stage with two entirely separate companies, one following after the other. There is no advance in prices. From newspaper reports packed houses have been the result. They commence at 7:45 sharp and end near midnight. But as it only happens once during the season the public don't mind that so long as they are enabled to see two farce companies for the same price of one.

## FOUR SUITS APIECE FOR THE SUFFERERS

FIRE VICTIMS WELL CLAD BY  
JANESVILLE.

Ald. Winslow Says the Carload of Clothing Sent From Here to Shell Lake Gave Every Destitute Person In Town Extra Suits For Every Occasion.

"Janesville people have hearts as big as a bull's," exclaimed a stalwart but scantily clad Irishman at Shell Lake Thursday morning when the Janesville supplies were being distributed.

Alderman F. S. Winslow and J. F. Sweeney clad most of Shell Lake before they returned this morning. They went under direction of the local relief committee to superintend the distribution of supplies and for the purpose of ascertaining by personal investigation the true state of the sufferers.

"When the large Janesville furniture car was opened, and we commenced to unload the boxes," said Alderman Winslow, "the people were truly surprised, and it would have pleased every person in Janesville could they have heard the kindly expressions and thanks for Janesville and our people."

"See what nice things they have sent us from Janesville," exclaimed a woman with several small children. "See there is a lot of little jackets with the store marks on them. They have never been worn by any one. How nice they are. God bless the people of Janesville."

"Such nice sheets and pillow cases! They are new ones," said another woman who wanted a bed. She too was supplied from the Janesville storehouse.

Went Wild Over Clothing.

"The wildest scene was when we opened the boxes packed with clothing," said Mr. Winslow. "Even the local relief committee was astonished, and wanted to know what clothing store we had shipped. Men, women and children of all ages flocked around the car as these boxes were opened anxious to get suits. We had enough clothing in that car to give every person burned out at least four good suits, and when I told them we had plenty more at home, if the stock sent was exhausted, they cooled down, and I believe all were supplied. Some relief had been previously received from Superior, Spooner and Baraboo, and when our car arrived and was unloaded, the people thought that their suffering was at an end."

"How did you find things up there, and how about the suffering?" queried the reporter.

Suffering Not as Bad as Painted.

"Well, I am going to make a report to the committee covering everything. I think the case has been exaggerated. Quartermaster Mahoney and Captain Clark, of the governor's staff, were at Shell Lake with me, and they have the same opinion. Only two houses were left in Shell Lake, 55 houses, besides a church and school house were burned. The men are all employed in the mills, and I was told that the mills were selling lumber to the men for one and two dollars a thousand, according to the lengths, and that nearly all the houses were insured. If this be true, the picture has been highly colored. Canstock, a little hamlet near Shell Lake, containing about fifty people, was burned, only one house escaping; and Baronett, near by, with a population of one hundred, was wiped out by the flames. Those people were taken to Cumberland, where their wants were attended to. Shell Lake will be rebuilt at once, but I think the other two towns will be abandoned entirely."

No Want Will Be Felt.

Alderman Winslow is of the opinion that if the fire sufferers in the far north are as well provided for as those around Shell Lake, all are well supplied and there need be no fear of suffering, as there is probably plenty of aid in sight to meet all demands.

The Superior papers of yesterday morning voiced the above sentiment, stating that the Superior relief committee had decided to keep their relief store open all winter for the purpose of distributing supplies among the sufferers and their own poor. Other northern cities near the burned district will do the same.

TUMORS ARE HIS CHIEF CROP.

Cyrus Tompkins Is Producing New Samples With Great Regularity.

Cyrus Tompkins who comes to Janesville for medical treatment twice a week is a martyr to tumors. He has had several removed, and on Saturday of last week he went to Janesville and had another cut out according to the Elkhorn Independent. Cy. says it is worse than having a double tooth pulled by a dentist just commencing to practice.

Salsman-Cross.

Janesville friends will hasten to extend congratulations over the wedding of Miss Alice K. Cross, to Thomas J. Salsman, Jr., which occurred in West Superior Wednesday. The bride is the daughter of Mr. and Mrs. George Cross, and is a very admirable young lady. The groom is the son of T. J. Salsman, of this city, and has developed into a pushing, energetic, successful clothing man. He goes from Superior to Minneapolis, to take a position with T. J. Ziegler in Browning King & Co's store.

D. W. KOLLE's piano exhibit at the fair did not take organs, guitars, mandolins, etc., in their exhibit to win a premium for the largest exhibit, which was the only premium offered.

REV. A. W. GOULD, secretary of the Western Unitarian association will fill the pulpit at All Soul's church tomorrow. His subject will be "The Upper Current."

D. W. KOLLE's Colby pianos stand par excellence at the Rock county fair, as judged by the crowds of people who pronounced their sweet tones far superior to all other pianos on the grounds.

WILLIAM JOHNSON, the ballad singer, made quite a hit at the fair ground in his rendition of the sweet descriptive ballad, "The Pardon Came Too Late." He also sang a number of other selections very acceptably.

EFFORTS are being made to arrange a big bicycle tournament in Janesville early next month. Many Milwaukee riders will be here. Wheelmen are invited to meet in the clubrooms over the Bee Hive Monday night and arrange preliminaries.

Had to Divide the Prize.

Misses Grace Bladon and Tesse Gibbons won the gold watch for the best piano players under fifteen years of age, at the Rock County fair. They were equally good, and the celebrated Colby piano in D. W. Kolle's display was what they used. As their playing was so near alike no decision could be made and the ladies divided the premium, each accepting a handsome watch from Mr. Kolle.

This speaks well for their respective teachers Miss Ada Pond and Mrs. M. L. Ford. The Colby piano also comes in for a share of the credit.

Prizes For F. A. Taylor's Exhibit.

F. A. Taylor captured premiums at the fair as follows:

For the best phaeton.  
For the best surrey.

For the best and largest display of vehicles shown.

The largest cash prize in this line was won by Mr. Taylor. These handsome rigs are still on exhibit in the River street repository, which comprises the largest line of fine vehicles shown in Southern Wisconsin.

## HODSON HEIRS GET \$11076 INSURANCE

PAYMENT IN FULL ON THE  
POLICY.

Fears That Question Would Be Made Because of the Manner of Death Prove Wholly Groundless—An Addition of \$1076 to the Principal Amount.

Not only C. W. Hodson's full insurance of \$10,000, but \$1,076 premium, has been paid to the heirs by O. D. Rowe. Some had feared that the company might contest the claim, because of the manner of death, but this proved wholly groundless. Mr. Rowe has received this letter:

JANESVILLE, Wis., SEPT. 11, 1894.—Mr. O. D. Rowe, agent of the Mutual Life Insurance Co., New York, Janesville, Wis. Dear Sir:—I thank you for your acknowledgment receipt, this day, of check for \$11,076 in full payment of amount due on policy on the life of my late husband, Charles W. Hodson. This policy (No. 280419) was dated April 21, 1886, for the principal sum of \$10,000, and I am agreeably surprised by the receipt of so large an addition to the principal sum.

My husband died on the 15th of August, and the proceeds, under the policy, were not forwarded for some little time afterward, and I feel that my thanks are due to the company and also to yourself, as its agent, for this very prompt payment. Very respectfully yours,

M. A. HODSON,  
Special Administratrix.

SCHILLING ON THE CORN EXCHANGE

Populist Robert Schilling will soon address the people of Janesville, or as many as have a desire to hear him exemplify the Utopian ideas of that party. Charles Sexton and James Cleland have obtained permission from Mayor Thoroughgood to hold a mass meeting on corn exchange and these gentlemen will arrange the details for Mr. Schilling's appearance at some future time during the campaign.

COMMITTED EARTH TO EARTH

Funeral of D. D. Wilson.

The remains of David D. Wilson were buried in Oak Hill this afternoon. Many friends gathered at the home this afternoon at 2 o'clock to listen to the impressive funeral services, conducted by Rev. S. P. Wilder, of the Congregational church, who was assisted in the song service by the church choir. The pall bearers were Judge John R. Bennett, Alex. Graham, R. J. Richardson, J. C. Echlin, J. T. Wright, George K. Colling, Thomas Welsh.

Thomas Welsh, an old resident of the town of Rock, passed away yesterday afternoon, aged 62 years. The immediate cause of dissolution was bronchial trouble. He leaves a widow and seven children—two sons and five daughters—Mrs. William Ford of Beloit; Mrs. James Horn of Janesville; Mrs. James Lee of Milwaukee; Thomas S. Welsh of the town of Rock; Tessa Welsh of the town of Rock; M. J. Welsh and Miss Lizzie Welsh of Janesville.

Mrs. D. M. Chesebro, wife of Miles Chesebro, and daughter of N. E. Bennett of this city, died at her home at Shell Rock, Butler county, Ia., September 14. She was born September 20, 1845, and for thirty years was a consistent member of the Methodist church. She leaves a husband and two boys—one aged fifteen years and the other six. The burial takes place in Shell Rock.

Funeral of Mrs. Margaret Marshall.

There was a large attendance at St. Patrick's church at 9 o'clock this morning, the occasion of the funeral service of Mrs. Margaret Marshall, the services being conducted by Father J. A. Collins. The remains were buried in Oak Hill, the pall bearers being Neil Gillispie, John Lawler, John Falter, George Foster, P. Delaney, John Riley.

## MIN-YEI-SUN LIVES AR FROM HIS KIN

THE MAN RESPONSIBLE FOR THE  
ORIENTAL WAR.

He at Present Languishes in Prison on  
an Island Off Corea—Was the Heredi-  
tary Prime Minister of the Hermit  
Kingdom.

IN-YEI-SUN, the  
ex-prime minister  
of Corea, is one of  
the chief figures in  
the war between  
China and Japan.  
He did as much as  
any one person to  
bring on the pres-  
ent struggle. He  
is a cousin of the  
Queen of Corea,  
and, as prime minister, was vested  
with greater power than the king  
himself. He had almost full sway in  
governing the country, and even  
when he went against the will of the  
king and his cabinet in favoring the  
Chinese it was with the utmost diffi-  
culty that he was deposed.

Finally, however, he was bereft of  
power and a determined effort was  
made to expel him. This project met  
with the determined opposition of  
the queen, and the royal family was a  
house divided against itself. While  
the queen did not wish her cousin to  
become an exile the king most cer-  
tainly did. The question of the  
prime minister's expulsion be-  
came one of national importance and  
the factions came near severing Corea's  
alliance from Japan. On July 30,  
though, the prime minister was seized  
by the king's soldiers and transported  
to an island belonging to Corea, where  
he has been since. He is under guard  
and the king is watching for plots to  
release him.

The Min family, of which the exile  
is a descendant, has long been influen-  
tial in Corea. It became the tradi-  
tional inheritor of the post of prime  
minister centuries ago, and since then  
and until last month some one of its  
representatives has always held the  
direction of the affairs of state. Min-  
Yei-Sun has a great following in  
Corea and it is not improbable that he  
will become a great issue after the war  
is over.

### LONGEVITY OF FEMALES.

Woman's Chances for Long Life Better  
Than Man's.

The Medical Record says woman has  
the advantage of man as regards  
longevity; she suffers less from acci-  
dents, injuries and many forms of  
disease; she is, in fact, more tenaci-  
ous than man of the limited enjoy-  
ments allowed her. Dr. Brandreth  
Symonds has collected and studied a  
large number of statistics to illustrate  
this interesting fact (American Jour-  
nal of the Medical Sciences). The  
comparative mortality of the sexes at  
different ages shows that in the first  
year of life the mortality of the  
female is much less than that of the  
male, being at birth 92.64 per  
1,000 as against 112.80, and at  
the end of the year 31.87 as against  
33.08. This difference continues up to  
the fourth year. From 5 to 12 the  
female mortality is greater than that  
of the male, being at the latter period  
3.56 for males and 4.28 for females.  
At the age of 46 the male mortality  
equals that of the female, the latter  
having been up to this time slightly  
in excess. During the years 40 to 56,  
the period of the climacteric, the male  
mortality gaining rapidly on the  
female, being 6.32 per annum for the  
one and only 3.47 for the other. Hence  
the climacteric is really a much more  
serious time for man than for woman.  
After 65 the female mortality gains on  
that of the male, but is always slightly  
below it. Woman has not only a less  
mortality but a greater longevity than  
man. There is, also, a plurality of  
female births.

She Keeps a Lighthouse.

Lime Rock lighthouse, at the south-  
ern end of Newport Harbor, is a fa-  
vorite visiting place for strangers, who  
go there not so  
much to see the  
light as to meet its  
famous keeper, Ida  
Lewis. She is over  
50 years old now;  
her hair is slightly  
streaked with gray,  
and her face is  
somewhat rugged  
and weather-beat-  
en, but she can  
handle an oar as  
quickly and as well as when  
she began her record of life-  
saving with the rescue of four small  
boys whose boat had capsized in the  
harbor. Her salary is \$750 and two  
tons of coal a year.

### A MOTHER'S HEART.

Within her heart she keeps a place  
Wherein is cherished his pure face  
As first she knew it long ago,  
When life and soul were white as snow.

Unmindful what the world doth say,  
Alone she goes her weary way,  
And he whose path is rough and wild  
Still is to her pure as a child.

—Minneapolis Housekeeper.

### RACE TO DEATH.

There is never any lack of beauty  
in Dublin ballrooms, and that year I  
cannot help thinking that there was  
more than the usual proportion of at-  
traction. But of all the girls who com-  
pelled devotion there was nobody quite  
so charming as Mary Macartney. When  
she was presented at the castle, the lord  
lieutenant administered his official kiss  
with peculiar unction and was after-  
ward heard to say that if his duties  
were always as pleasant he could bear a  
very frequent repetition of them. The  
vice regal opinion was very cordially  
re-echoed by everybody, and wherever  
Mary went her progress was a scene of  
triumph. The Two Hundredth was de-  
voted to her to a man. One dance in an  
evening was a thing to be proud of, and  
if she deigned to give any fortunate  
man two he was at once placed upon a  
pinch of social superiority.

Finch and Seymour were her most  
devoted admirers and had it all their  
own way in her preference. I won't say  
affections, for I believe she could only  
have looked upon them as two editions  
of the same man, and they were so  
loyal to each other that they appeared  
to have the one special tendresse in  
common with their other properties.

The Two Hundredth was about to  
have its great function of the year—its  
regimental steeplechase. All the best  
of the animals that had gone through  
the hunting campaign were entered for  
the various events, and the mess table  
talk, which for months had run upon  
scents, find, finish and the casualties of  
the chase, turned to handicapping,  
weights and racing conditions.

Finch and Seymour now, as on other  
occasions, took a foremost place.  
Each of them owned horses rather  
above the average in quality, and each  
had one entered for the regimental cup.  
As I said before, both of them were  
good performers in the pigskin, and it  
was more than probable that if they  
started Captain Seymour's Mousetrap  
(did I tell you that Seymour had just  
got his troop while Finch was senior  
subaltern?) and Mr. Finch's Sorcerer  
would start as equal favorites. The two  
friends did all their training and gal-  
loping together, and I believe that,  
though each intended to ride his horse  
out and do his best, they did not much  
care how they would be placed at the  
finish, so long as one was first and the  
other second.

Of course we expected all our  
friends to come to our race meeting and  
made plentiful provision for their en-  
tertainment. Given the officers of a  
cavalry regiment bent on making holi-  
day; add tents, luncheon, band and a  
fine spring day, and you form a series  
of attractions which will collect people  
from far and near, especially in Ire-  
land. When the day of the meeting  
came, it was all that could be wished.  
There was a bright sun and a soft wind,  
and there had been just a sufficient  
sprinkling of rain overnight to lay the  
dust and make the drive to the course  
delightful, while the few light clouds  
in the horizon were not discouraging  
enough to prevent our fair friends from  
putting on their freshest and prettiest  
toilettes. Coach after coach rattled over  
Carlisle bridge, each with a full load  
and each with a bit of music on the  
box; brakes, carriages and cars innum-  
erable, the jingles doing honor to the  
occasions by volleys of chaff, and many  
admonitions on their light hearted  
selves and their apparently equally gay  
and light hearted, well bred wags. The  
race course was about eight miles from  
the city in the Howth direction, and if  
the day were to have no other pleasure  
the drive down, with occasional glimpses  
of the beautiful bay of Dublin, cele-  
brated in song, was enough of enjoyment  
for any one.

We arrived at the scene of action,  
and the business of the day commenced.  
The subalterns' cup was the first event,  
and I must say, the boys did credit to  
the old Two Hundredth. The senior  
subalterns were lying by for the regim-  
ental cup, and the juniors had the race  
to themselves. It was won by young  
Molesworth, whose round shoulders and  
unconquerably ugly seat had caused  
much conflict of opinion between him  
and the old riding master, but who now  
showed that if he were not destined to  
shine in the manege he had at any rate  
indisputable nerve and enough seat and  
hands to take him over a difficult coun-  
try. He afterward became one of our  
best men on a horse and won equestrian  
honors in many ticklish places. Then  
came an hour's interval for lunch, but  
of course those who were going to ride  
had to put the muzzle on. I just looked  
into the tent before going to weigh and  
saw Mary Macartney, looking as sweet  
as ever. Seymour and Finch were both  
with her, and she was wishing them  
good luck in their gallop. As they left  
heard her say: "Now, mind, I expect you  
two to beat everybody else, and I shall  
be particularly nice to the one who  
wins. I may even give him two dances  
at the castle ball tomorrow night."

The Two Hundredth were pretty  
businesslike in matters of sport, and  
there was none of the fuss and delay in  
the weighing room that too often marks  
the doings of amateur jockeys. Punctual  
to time, the starters filed out of the pad-  
dock. I think there were eight of us.  
Seymour's colors were rose and black  
and Finch's blue and red sash. Mousetrap  
and Sorcerer were a long way  
the best of the runners to look at.  
Mousetrap was a big, bony bay horse,  
with rather a slack neck, but the best  
of shoulders, tremendous jumping power  
and a great turn of speed. He required  
a workman to ride him, as his temper

was easily ruffled, but in Seymour's  
hands he generally went like a lamb.

Sorcerer was one of those excep-  
tional horses that can take a turn at  
anything. He had gone through train-  
ing in the riding school, and on occa-  
sions was the best of chargers. He was  
so good looking that when he had a  
military cut on there was no horse in  
the regiment that looked more showy  
than he did, but the white hairs on his  
chestnut coat and the silvery locks in  
his tail showed the blood of old War-  
lock, and he had a large share of the  
pace, cleverness and staying power that  
marked his great ancestor. As we rode  
down the course I could hear the few  
bookies who were present in the ring  
reckoning up the chances of the field in  
stentorian cries of "3 to 1, bar two." I  
was riding a confidential old hunter  
which was warranted to stand up over  
the country, but I had only entered him  
to make up the race, and unless most of  
the others came to grief I had not the  
smallest chance to be heard of at the fin-  
ish. There is not much difficulty in  
starting a steeplechase, and we all got  
away very well. We negotiated the first  
three or four fences without any casual-  
ties, but then we began to thin out a  
little. Fortescue's hard mouthed old  
jade went outside the flag at the first  
turn, and he did not manage to stop  
her till she had gone half a mile toward  
Dublin. Wilson and Mackworth fell at  
the water jump, to the un concealed sat-  
isfaction of the crowd which had col-  
lected there, and there were only five of  
us left. Jacky Thompson was leading.  
Seymour and Finch were riding side by  
side, evidently intending to wait till  
we were nearer home and then come  
to the front and finish together. About  
a length behind them was Percy, and I  
brought up the rear. There was a long  
stretch of grass rather down hill on the  
farther side of the course from the  
stand, and here we began to put on the  
pace. Percy evidently thought it was  
now or never, and that if he allowed  
himself to get too far behind he would  
not be able to push forward again, so  
he made a determined effort and shot  
past Seymour and Finch. I think old  
Mousetrap's temper must have been up-  
set by seeing a horse passing so close. I  
saw him shake his head and try to get  
away from Seymour.

The next fence was a bank, with a  
glitch on the taking off side. It was  
nothing of a place really, but only re-  
quired a little care. Thompson got over  
cleverly, and Percy's horse took the  
whole in his stride. Then came Sey-  
mour, who had hardly steadied Mousetrap,  
but even so the horse ought not to  
have made a mistake. Perhaps he was  
flurried, or there may have been a  
stump sticking up where a bush had  
been cut away. I don't know how it  
happened, but the horse hit something,  
lost his feet and fell on the bank. Sey-  
mour was all right and got clear at once,  
slipping back into the ditch. I told you  
Finch had been alongside of Seymour,  
and he was close behind him at the fence.  
Sorcerer jumped it beautifully; but, to  
my horror, as he was kicking back at the  
bank I saw the hoof on his off hind  
foot strike the head of Seymour, who  
fell down. Even amid the rattle of the  
horses it seemed to me that I could hear  
the dull crash of broken bone, and I was  
sure that a terrible accident had hap-  
pened. So sure was I that, though one  
does not often pull up in a race, I stop-  
ped my horse, which indeed had not  
now the smallest chance, dismounted  
and ran to pick up Seymour. Poor fel-  
low! I had not been mistaken and could  
almost trace the print of the cruel horse-  
shoe on the back of his head. He was  
nearly senseless and just muttered  
"Cold, cold!" A small crowd had begun  
to collect, and I borrowed a couple of  
frieze coats from two sympathizing  
countrymen, trying with them to cover  
my poor friend, and laid him in as easy  
a position as possible. The race glasses  
at the stand had seen that something se-  
rious had happened, and our good old  
surgeon, Macpherson, came up on a  
trooper which he had taken from one of  
our men who was keeping the ground.  
When he had examined the injury, his  
kind face fell as he said: "I fear the base  
of the skull is fractured. If so, it is  
only a question of hours." Fortunately  
the accident had happened near the road,  
and a carriage was quickly procured, in  
which Seymour was placed and taken  
away by Macpherson.

When I came back to the stand, I  
found that Finch had won the race easily  
and was still quite unconscious that  
his friend was hurt. I did not tell him  
the particulars, but only said that it  
had been thought better to take Sey-  
mour back to Dublin. He pulled a  
wrapper over his racing jacket, jumped  
on a hack and started at a gallop in  
pursuit. Immediately afterward I met  
Mary Macartney. She had a very white  
face and tears in her deep-violet eyes as  
she besought me to tell her if the acci-  
dent had been dangerous. I made the  
best of things, but she, I think, divined  
the sad truth and made her mother take  
her home. There was a heavy cloud  
over everybody for the rest of the day,  
and though we got through all the races  
on the card there was little spirit in  
anything, and we were glad when we  
were able to break up. There was little  
chaff or fun on the drive home.

We had a miserable time of alterna-  
te hopes and fears about our comrade,  
but in three days all was over. Finch  
was inconsolable, though fortunately  
neither he nor any one else at the time  
knew that he had been the cause of Sey-  
mour's death. It was always supposed  
that Mousetrap had kicked his master  
in his struggles to recover himself when  
he fell. I have never told the real story  
till tonight, and you will not let it go  
further. Sir Thomas Finch is a great  
swell now, but I don't think he would  
learn without deep pain that, however  
innocently, he was the cause of the  
death vacancy by which he got the  
troop that gave him the first start in  
his successful career.

What became of Mary Macartney?  
Oh, she is Lady Finch, and, 'pon my  
soul, I think she is still as beautiful and  
charming as ever.—Pall Mall Maga-  
zine.

## BRIEF BITS OF HUMOR.

## Revealed a Flaw.

"I wish you hadn't your hair cut so short, Harold," exclaimed the young woman, turning away from him involuntarily.

"What difference does it make, dear?" asked Harold, with tender anxiety.

"You have destroyed an illusion," she sighed. "That is all."

"You didn't think I was a poet, did you, Clara, because I wore my hair long?"

"No; I never suspected you of being a poet."

"Or an artist?"

"No."

"Then what illusion have I destroyed?" he demanded.

"Perhaps I should say, Harold, she answered, with tears in her voice, "that you have unconsciously revealed a fact I never suspected, dear. Your ears aren't mates."—Chicago Tribune.

## Better Left Unsaid.

"Charley," said Katherine to her newly-betrothed in an excess of trust and generosity, "do go and talk to that Miss Highleffe. She's awfully fascinating and brilliant."

"As if I cared for fascination and brilliancy now," answered Charley, adoringly. And he was unable to see why Katherine grew so suddenly icy.—Chicago Mail.

## A MENTAL WRECK.

Jealous Wife—I wish to consult you confidentially concerning my husband. He seems to be completely infatuated with me, but—

Divorce Lawyer (interrupting)—That is sufficient for a divorce, madam; he is suffering from hallucinations.—Judge.

## Human Nature.

She—George.

He—Yes.

She—Why is it that most weddings are sadder than funerals and most funerals jollier than weddings?

He—Well, in the first case every one knows what misfortune has happened to the contracting parties, and in the second they don't.—N. Y. World.

## Cold Comfort.

Mr. Stimpurse (feeling his way)—Your charming daughter tells me that she is an excellent cook and housekeeper.

Old Lady (calmly)—Yes, I have had her carefully taught, for I have always held that no lady who does not understand housekeeping can properly direct a retinue of servants.—N. Y. Weekly.

## A Different Color.

He—Really, Miss Melville—Ella, if I may call you so—I know nothing so beautiful as your golden hair and lovely blue eyes.

She—How long is it since you said just the same thing to another girl?

He (earnestly)—Never, I assure you; the last girl had black eyes and black hair.—Truth.

## Possibly Biased.

Deacon Oldboy (life insurance)—Our beloved pastor is looking poorly. I move we give him three months' vacation with full pay.

Deacon Crum (undertaker)—No, no; let him stay and earn his salary.—Judge.

## Quite a Difference.

Lord Tuffnut—You have nothing to grumble at; you were a rich American girl, I an impoverished English nobleman with a proud title. You bought me with your wealth. I was what you would call, in shopping, a bargain!

Lady Tuffnut—Pardon me! Not a bargain—a remnant.—Puck.

## Quick About It.

Mrs. Hicks—The artist took this photograph by the instantaneous process.

Hicks—I should have known that without telling.

Mrs. Hicks—How?

Hicks—Your mouth is shut.—N. Y. World.

## Goes Home to Mamma.

Nibbitt—That woman who just went out is the partner of your joys and sorrows, I suppose?

Rufon—She's partner to my joys all right, but when it comes to my sorrows she slips over to see her mother.—Boston Courier.

## Brilliant Indeed.

"Bunkins' wife is a mighty smart woman." "Remarkably intelligent." "Intelligent—why, that ain't no word for it. That woman knows almost as much as Bunkins thinks he knows."—Washington Star.

## A Life Long Labor.

Jack—I tell you a man has to work for all the money he gets.

Charlie—Unless he marries it.

Jack—In that case he has to work for it after he gets it.—Brooklyn Life.

## Reversing the Operation.

Twynn—Did you take in Chicago on your trip as you intended?

Triplet—Chicago took me in.—Detroit Free Press.

## No Use.

Herdso—Why didn't you defend your wife's suit for divorce?

Saidso—I had known for years that what she said was law.—N. Y. World.

## Landlord and Tenant.

"To him that hath shall be given."

But he that hasn't a cent

Must get up and hustle,

And rustle and bustle,

Or else be evicted for rent.

## GOWNS FOR THE MIDDLE AGED.

## Mothers and Grandmothers May Be At-tired In Soft Bright Tints.

In color and in the shape of dress mat-ters have altered very greatly to the ad-vantage of an elderly woman of late years. It used to be an article of faith with her and her dressmaker that she must not be too smart, and a sort of lumpiness pervad-ed her general aspect. It is now, however, the young people who insist that their mothers and their grandmothers shall not give themselves up in the matter of dress and take on for their own wear the hope-less habiliments to which they once would have been doomed. Daughters now throw

HOUSE GOWN.

away their mothers' caps or give them to the housekeeper, and with a pretty ty-ranny insist that the soft rolls of white hair shall be arranged in such fashion as to set forth to the best advantage the fading features that they love so well. The mother of 60 protests and thinks she ought to wear black or at the most dark gray and fears that her new gown is too fashionably cut. But these objections are generally overruled, and both sons and daughters love to see their mothers prettily dressed in soft bright tints and wear-ing garments which do not obscure the graceful figures that many women man-age to retain well on into old age. The middle aged woman of today is as smart in dress as her prototype of 20 years ago was dowdy and antique. That this free-dom is occasionally misused is an un-avoidable thing; but, on the whole, it is an advantageous change, as the conscious-ness of looking well always improves the spirits and manner.

The illustration shows a princess house gown suitable for a middle aged woman. It is of ophelia surah, lined with taffeta. A flounce of lace, headed by pearl passe-menterie, simulates a deep yoke. The belt is of white satin ribbon, and a tulle ruche surrounds the neck. JUDIC CHOLLET.

## No Trouble to Remember It.

"The password is Saxe. Now don't forget it, Pat," said the colonel just after the battle of Fontenoy, at which Saxe was marshal. "Sacks? Faith, and I will not. Wasn't my father a miller?" "Who goes there?" cried the sentinel after the Irishman had arrived at his post. Pat was as wise as an owl, and in a sort of whisper yell replied: "Bags, your honor!"

## A NARROW ESCAPE!

## How it Happened.

The following remarkable event in a lady's life will interest the reader: "For a long time I had a terrible pain at my heart, which flut-tered almost incessantly. I had no appetite and could not sleep. I would be compelled to sit up in bed and belch gas from my stom-ach until I thought every minute would be my last. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I couldn't sweep a room with-out sitting down and resting; but, thank God, by the help of New Heart Cure all that is past and I feel like another woman. Be-fore using the New Heart Cure I had taken different so-called remedies and been treated by doctors without any benefit until I was both discouraged and disgusted. My husband bought me a bottle of Dr. Miles' New Heart Cure, and am happy to say I never regretted it, as I now have a splendid appetite and sleep well. I weighed 135 pounds when I began taking the remedy, and now I weigh 130½. Its effect in my case has been truly marvel-ous. It far surpasses any other medicine I have ever taken or any benefit I ever re-ceived from physicians."—Mrs. Harry Starr, Pottsville, Pa., October 12, 1892.

Dr. Miles' New Heart Cure is sold on a pos-itive guarantee by all druggists, or by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles \$5, express pre-paid. This great discovery by an eminent specialist in heart disease, contains neither opiates nor dangerous drugs.

Sold by all druggists

## FOR SALE.

A model farm of 800 acres 60 miles west of Quincy, Ill., in the Great Blue Grass Region of Northern Missouri, lying three miles from the Hannibal & St. Joe and Santa Fe rail-ways. On this farm are \$11,000 in new buildings, fine barns and sheds for stock, the house cost \$5,000 four years ago. Missouri is one of the best farming states, and here the soil, tim-ber, grasses, water, fruit, climate and natural advantages are not excelled anywhere in the union. Dr. St John resides in northern Missouri; Dr. Loomis just traveled through it and says the country and crops are fine. Will sell for what the land is worth and throw in the buildings, and take a small farm in Wisconsin as part pay. This is a bargain some man must have.

# You Will Say So When You See Them.

With a determination born of energy and push, backed by nerve and enter-prise that absolutely knows no fail, we are going to make this fall's business double any previous seasons. The enormous purchases made are the most successful of our whole career and we offer you the

## GREATEST BARGAINS

it has ever been our lot to show. We extend a pressing invitation to all visitors to come and see through our **BIG STORE.**

Some of those little fellows have the nerve to advertise Boys' and Children's clothing. Why, our boys' and children's department alone is larger than their entire store. We have the finest, largest and most complete stock of **BOYS' AND CHILDREN'S FALL AND WINTER CLOTHING** ever brought to this city. All past efforts outdone. The only exclusive boys and chil-dren's department in the city.

Special attention is called to this **OVERCOAT. It is THE POOLE.** As you will see it is a very neat coat, the best quality of goods and workmanship. We fully guarantee this coat to be equal to any merchant tailor garment made in the city. It will fit just as well and cost you 25 per cent less. It won't hurt you to look.

Here is another, **THE PADDOCK.** Isn't it nice? A coat that the best merchant tailor would feel proud of. We are proud of them, and well we may be as they are models of perfection and cost no more than an inferior garment in one of the smaller stores. Come to us when you want an overcoat or ulster.

It seems almost exaggeration when we make the claims we do for these coats, especially this one, **THE CHESTERFIELD** and no doubt the high-priced merchant tailor will say we are not speaking the truth. But we defy them to produce any better garment in any respect, especially fit, for less than 25 per cent more.

**WE** have spent a good deal of time and money to lay before the peo-ple of Janesville and vicinity, a line of suits and overcoats that will eclipse anything on earth, and we have succeeded. Our **PICK-WICK SUITS** for men; **COMBINATION SUITS** for boys' and children and **THE POOLE, PADDOCK** and **CHESTERFIELD** Overcoats fill the bill.

**T. J. ZIEGLER.**

## CLEAR EYES.

a clear skin, a clear head, a clear system—come from the Carlsbad Sprudel Salt.

Partly, because of its cleansing, purifying action upon the blood, and because of its solvent, strengthening, stimulating action upon the liver, kidneys, stomach and bowels. It brings them back to a healthy, natural condition, in a natural way.

Habitual constipation, bilious-ness, loss of appetite, defective nutrition, dyspepsia—every one of these has a time-tried remedy in the Carlsbad Sprudel Salt. It is the actual water of the Sprudel Spring, solidified and put into powder form on the spot. For chronic catarrh of the stomach and other stomaclic diseases use the imported Carlsbad Sprudel Water, and add a small dose of the Carlsbad Sprudel Salt to a tumblerful of the water when-ever a laxative action is desired.

Do not be imposed upon by un-scrupulous dealers, who will sell you a mixture of Seidlitz Powder or Glauber Salt as "Improved Carlsbad Salt" or "Artificial Carlsbad Salt," "German Salt," or under other names.

Insist upon the genuine article, which must have the signature of "EISNER & MENDELSON Co., Sole Agents, New York," on every bottle.

## Harper's Pictorial War History.

It was the intention of the publishers in issuing this history to complete it in 26 parts but so many Fine Illustrations, that were not originally planned for, have been added to the several parts as they came out, that it has been found necessary to extend the work to one more part making twenty-seven in all. This last part will conclude with a very complete and carefully prepared index of the whole work, by the aid of which any person or event in the entire history can be referred to at once. The index is one of the most valuable parts of the whole book, and doubles its worth as a practical history of the war.
